

Congrès Square Grand Green Osaka has newly opened in Grand Green Osaka, a space set amid greenery yet connected directly to JR Osaka Station, as a hub to bring people together and spread harmony.

Its two halls, one large and one smaller, offer comfortable spaces that are a pleasure to spend time in.

Each of the colorfully designed Garden meeting rooms has a different floral theme.

It provides a hub where people can meet with both other individuals and new ideas, with the resulting connections spreading out like ripples ...

We hope this space will spark the generation of abundant creativity and communication.
